# Experience the amazing!

How amazing can electrical wiring devices and products be? Unbelievably so, if you look at the Goldmedal range of products. First of all, they are all so fashionable to look at. From their sleek lines to their gorgeous colours and finishes, Goldmedal products are a fashionista's dream come true. They can truly elevate any space with their stunning looks.

But you don't have to go by their looks alone. Consider their functionality and you'll appreciate why they are so amazing! Whether it is their home automation products, home appliances, LED lights or even simple products like switches and modular plates, every product has a unique design that has a purpose to it. Most of them are designed with Indian conditions, needs, and tastes in mind. Speaking of Indian specific conditions, I'm especially excited for the upcoming electrical storage and instant water heater range. This new additional range is also sustainable, further showcasing the company's commitment to combining innovation with environmental consciousness. Every product is thus a wonderful blend of style, functionality, and sustainability.

As someone who appreciates great style and loves incorporating such products in their daily lifestyle, I'm absolutely thrilled to be associated with the Goldmedal brand. Their products complement my sense of fashion and it's exciting for me to showcase these products to you! I hope you'll find them equally amazing!

Jacqueline Fernandez  
Brand Ambassador

# Decades of trust

Established in 1979, Goldmedal has been a beacon of trust and innovation in the domain of electrical products and wiring devices. Nurtured over four decades, our heritage stands testament to our unwavering commitment to quality, reliability, and cutting-edge technology.

Through these years, we've remained steadfast in our pursuit of excellence, ensuring that every product we craft carries the legacy of our brand. Every innovation we introduce is rooted in understanding the evolving needs of our customers, ensuring homes are graced with safety, efficiency, and a touch of elegance. The landscape of our industry has transformed over the years, but Goldmedal's vision remains resolute. Beyond just products, we've been sculpting experiences, embedding trust in every switch, every wire, every interface.

The journey ahead is filled with limitless possibilities, and with every step, we aim to reaffirm our commitment to innovate and to strengthen our bond with our patrons. Our pledge is not just to uphold this trust but to fortify and grow our legacy for many more decades to come.

# A commitment for a greener future.

In this age of sustainable development, the pursuit of green practices is not just a choice but a necessity. As an environmentally responsible brand, Goldmedal takes pride in demonstrating this mindset. In line with our sustainable ethos, Goldmedal ensures that every water heater meets stringent BEE norms, each proudly holding a 5-star energy efficiency rating. Goldmedal water heaters are designed to benefit the environment by reducing power consumption, minimizing heat loss, and offering better control options to reduce overall operational time. Our water heaters thus not only lower your electricity bills but also contribute to a more sustainable and eco-friendly way of heating water.

# The magic of hot baths

Whether it's the beginning of a new day that demands the best of you or the end of a long, tiring day, nothing beats the comfort of a hot, welcoming bath. It's not just the warmth, but the feeling of being enveloped by a continuous stream of precisely heated water that relaxes and soothes you. Goldmedal takes great pride in introducing our premium range of water heaters that are designed to deliver a flawless bathing experience every time you step into a shower. With an IPX4 water resistant body and titanium glassline-coated tanks, these water heaters are extremely durable. A special incoloy glass-coated heating element delivers efficient performance while our unique Dynoflow technology ensures rapid heating. Available in a range of exciting options, Goldmedal water heaters make you feel completely refreshed, relaxed, and recharged. So take the plunge, unwind, and immerse yourself in the soothing magic of hot water.

# What makes us better

Vitreous Enamel Titanium  
Glass Lined Coated Tank

Protects the underlying steel from rust and corrosion.

Incoloy Glass Coated Heating Element

Offers superior heating performance.

Dynoflow Technology

Provides hot water quickly to reduce heating time.

4 in 1 Multifunction  
Safety Valve

Incorporates pressure vacuum, non return, water and discharge.

Titanium Steel Tank

Prevents Scaling.

# Discover the Iconiq difference

With the Iconiq Digi water heater, embrace the ease and efficiency that a digital water heater brings to daily routines. It is more than just warmth; you get the assurance of precise, effortless control at your fingertips. Leverage its inbuilt technology to ensure that your bath is ready when you are, reduce power consumption by smarter use of its various control features, and more. Iconiq Digi embodies modern convenience, making every bath an experience in refined living that is perfectly tailored to the pace of contemporary lifestyles.

	SETTING TEMP.	To set the temperature of the water.
	ACTUAL TEMP.	Indicator reflects the current temperature of the water.
	TIME & TEMP DISPLAY ZONE	Displays real time and temperature of the water.
	TEMP. SYMBOL	Indicates water temperature in degree celsius.
	TIME SYMBOL	Indicates duration in hr/min.

	STANDARD MODE	Water heater will heat water at the set temperature in 24hr cycles.
	TIMER MODE	Water heater will ensure a hot water supply at the set temperature at the set time.
	ECO MODE	Water heater will heat water at 55° or lower for low power consumption.
	CLEAN MODE	Water will be heated up to 80° to kill most of the bacteria in the inner tank.
	MODE BUTTON	Select working modes for the heater, for example, "STD", "Timer", "ECO", and "Clean".
	ON/OFF BUTTON	Powers the water heater On/Off.
	UP BUTTON	Press the button to increase the temperature or time.
	DOWN BUTTON	Press the button to decrease the temperature or time.
	SET BUTTON	Press to set information like Time, Temperature, etc.

# Welcome to the Iconiq Digi era

Welcome to the world of Iconiq Digi, the epitome of advanced water heating. The crisp digital display provides real-time information, making your interactions a breeze. User-friendly buttons simplify the experience, ensuring adjustments are a walk in the park. Choose from its varied modes: 'Eco' for energy-conscious operations, 'Timer' for personalized heating schedules, and 'Clean' for routine maintenance. Thanks to its intelligent auto memory, your preferences are always remembered, guaranteeing that each bath is tailored just the way you like it.
